Harriet Tubman Visitor Center Celebrates its One Year Anniversary

On March 10-11, 2018, the Harriet Tubman Underground Railroad Visitor Center celebrates its one year anniversary. Programs and guest speakers as well as family activities are planned over the weekend. New sound stations and audiovisual programs will make their debut in the exhibit space. A soft opening for the research library will take place that will include electronic archives, books, and an opportunity to record oral histories.

The Harriet Tubman Underground Railroad Visitor Center has seen 100,000 visitors from all 50 states and over 60 countries. For more information on the anniversary weekend please visit http://dnr.maryland.gov/publiclands/Documents/HTUGRR_Anniv.pdf.

Education

North Dorchester Senior Named as Candidate for Presidential Scholar

Mizell Cooper, a senior at North Dorchester High School, has been named as a candidate for recognition as a U.S. Presidential Scholar, a program of the Department of Education.

The purpose of the award is to “recognize and honor some of our nation’s most distinguished graduating high school seniors” and is based on broad academic achievement as reflected in SAT and ACT scores. Selection as a candidate is by invitation only, so Mizell was surprised to find out he was a nominee, one of only five Eastern Shore high school seniors chosen. In the next round, semi-finalists will be selected based on their academic achievement, personal characteristics, leadership and service activities, as well as an essay they are required to write.

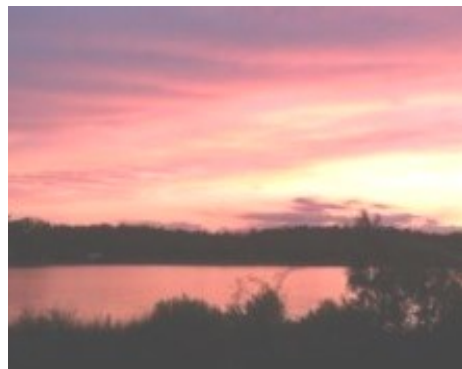

A member of the wrestling and cross-country teams as well as Key Club and National Honor Society, Mizell hopes to attend Towson University in the fall to study accounting.

Workforce

Work2live Well

MD DNR has a new workforce program named Work2live Well. The program focuses on a fast-track entry into Environmental and Natural Resources careers. Work2live Well will be offered in two locations: Baltimore and Cambridge.

The Cambridge track will focus on Water Recourses. This program is designed to offer exposure, opportunity and training in several emerging fields- Aquaculture, Boating, and Commercial Fisheries.

30 participants will be selected to receive a unique training in multiple areas. The eight week course (5 days a week- eight hours a day) will be composed of classroom training, field training, and one-on-one mentoring followed by opportunities to interview for employment. A stipend will be paid to participants who meet expectations of commitment and responsibility.

For more information on requirements and the application process please visit <http://dnr.maryland.gov/ccs/Pages/work-to-live-well/Work-to-Live-Well.aspx>.
