## DORCHESTER COUNTY, MARYLAND

Dorchester County boasts more than 1,500 miles of beautiful shoreline and is one of Maryland's largest counties with nearly 600 square miles of land and 70 of water. Its close proximity to Baltimore and Washington attracts large and small businesses and entrepreneurs due to cost advantages, business assets, and unique quality of life. With 705 businesses employing approximately 8,800 workers, the county continues to diversify its industry mix. Dorchester County is ideally situated on the central Atlantic seaboard, allowing overnight truck access to one-third of the U.S. population. New York, Philadelphia and Richmond are within an approximate 200 mile radius.

The recently completed Dorchester Regional Technology Park, serving the county and the region, will be the home of the new Eastern Shore Innovation Center incubator, due to be completed in early 2016. The park is complete with water, sewer and fiber connected to the Maryland Broadband

Cooperative fiber optic backbone, and is located adjacent to the Cambridge-Dorchester Regional Airport. The park is in one of the county's two State Enterprise Zones, with the other zone in Hurlock. As a federally designated HUBZone, a Dorchester County location provides federal contracting opportunities for qualified small businesses located in the zone. Amick Farm's recent expansion resulted in a capital investment of \$13.5 million and 50 additional jobs.
