HUBZone Boot Camp

“HUBZone - Creating Jobs Where They are Needed Most”

The Historically Underutilized Business Zones (HUBZone) program helps small businesses in urban and rural communities gain preferential access to federal procurement opportunities. These preferences go to small businesses that obtain HUBZone certification in part by employing staff who live in a HUBZone. The company must also maintain a "principal office" in one of these specially designated areas. This education event will introduce your small business to the HUBZone program, help determine whether your business is eligible, and support your business' efforts to participate.
